

Collagraph

Description of Technique

1. Glue various elements on a sheet of thick cardboard to create low-relief patterns.
2. When everything is properly glued, ink the matrix generously with tempera using a soft paint roller, put on a sheet of paper, rub the back of the page thoroughly with your hands, then remove.
3. Repeat steps to make as many prints as you wish. Try different types of paper and different colours of tempera.

Materials	BB Product Code
10-ply thick cardboard	1040260
Corrugated paper, 91x15m	1044908
Jute cord, 354g	1150150
White glue, 150ml	1130012
Soft paint roller, 7cm	1421544
Miracolor Tempera, 5 x 2L	1254853
