

# Tissue Paper Low Relief

## Description of Technique

1. Twist a large sheet of tissue paper to form a coil.
2. On a sheet of acetate, draw the outline of a pattern (e.g.: a fish) by bending the coil of tissue paper already coated in papier-mâché glue.
3. Make plugs using small pieces of tissue paper in assorted colours.
4. Dip the little plugs of tissue paper in the glue and cover the surface of the pattern on the acetate.
5. Let dry 24 hours.

Materials	BB Product Code
Tissue paper, 50x75 cm, Pack of 100	136 2540
Glue for papier-mâché	113 0475
Sheets of acetate, Pack of 100	313 2800
