

Giant Marionette

Description of Technique

1. Crumple a few sheets of newsprint paper into a ball.
2. Wrap in elastic bands to solidify the paper ball.
3. Add paper until you have reached the desired size.
4. Attach pipe cleaners to the ball where you want the limbs to go. Make more balls for the head and extremities.
5. Cover with masking tape, paint and decorate. Make a cross with two wooden dowels.
6. Attach pieces of nylon thread to the head and extremities.
7. Attach the other ends of the nylon thread to the tips of the cross.
