

# Chess Pieces

## Description of Technique

1. Insert a wooden dowel into a small Styrofoam ball.
2. Make a cake with Model Magic modelling clay and cover the Styrofoam ball.
3. Make a fun face in character with your piece, and put aside. Determine the height of each piece according to rank. Test different heights by stacking various objects at hand. Assemble and attach the parts together. Paint black and let dry. Apply a thin coat of metallic colour.

Materials	BB Product Code
Cardboard plates 15cm Pack of 100	1201094
Cardboard plates 23cm Pack of 100	1201136
