

# Still Life by Candlelight

## Description of Technique

1. Compose a still life using various items: fruit, bottles, candle, candlestick, drape, etc.
2. In a dark room, light the candle in the chandelier you have chosen for the still life.
3. On black paper, explore the shadow and light effects of the composition with semi-hard pastels.
4. When you're done, apply spray fixative on the drawing. Be sure to do this in a well-ventilated room or outside.
