Our Training Sessions for Teachers  
and Education Professionals

Creative Arts

# Red Carpet Days

These full-day events are adapted to the needs of teachers and educators. During a typical Red Carpet day, B & B Education offers two workshops based on the theme of your choice, such as play and educational material, creative arts, math, science and technology. The workshops offer a simple way to learn, to refresh your skills, and to meet other professionals working in the same field. The contents of each workshop are tailored to the needs of the participants.

---

<b>Languages</b>	Workshops are available in English and French.
<b>Duration</b>	From 90 minutes to 2 hours
<b>Number of participants</b>	15 to 25 per workshop
<b>Schedule</b>	You participate in 2 workshops – one in the morning and the other in the afternoon. Lunch is provided courtesy of B & B Education.
<b>Transportation</b>	Arrangements for bus transportation can be made. Please contact your representative (certain conditions may apply).
<b>Location</b>	Red Carpet days are held at our main location in Montreal at 700 Beaumont Street.  For a few years now, we also offer Red Carpet days in your area. Please contact your representative for more information (certain conditions may apply).
<b>Continuing education credits</b>	B & B Education thematic workshops are often eligible for continuing education credits. Please consult your school board for more information.
<b>Fees</b>	The value of a Red Carpet day is \$85 per person.

# Red Carpet

## Creative Arts

---

Designed and led by a creative arts specialist, our workshops give participants room to explore, discover and exchange. A number of different techniques can be experimented during each workshop. Participants get to keep their creations and receive a description of the techniques explored as well as a list of the materials used. Workshop contents and techniques are adapted to the specific needs of the participants.

Some examples include: Painting with marbles, Painting in the style of..., 3D illusion, etc. See the detailed list on pages 12-13. Participants can generally experiment with three techniques during a workshop.

---
